

Curriculum Support Meetings for Parents

When home and school work positively together, the benefits to the child are enormous.

To support this partnership we run a series of curriculum meetings at the beginning of every academic year. In these meetings we share information about our current curriculum and ways of working and share ideas about how you could support your child.

We have sent letters to you about each of these meetings as it is helpful to know how many people are attending and which year group their child is in...but if you have not returned the slip it doesn't matter all parents (and grandparents) are welcome.
