

On our last newsletter we shared some pictures of our Wow moments from Reception, Year One and Year Two. Here are some from the "out of this world" experience enjoyed by our Nursery children.

These Wow moments are an integral part of our rich curriculum, which not only delivers all aspects of the curricular that are set by the government, but also the essential skills that equip our children for their future schooling and life.

'The school has developed an excellent curriculum. It is exciting, stimulating and rich. Parents say that their children love coming to school because everything that they do is so interesting. Key to the success of the school's curriculum is the sense of awe and wonder produced by the use of exciting starts to projects.' Ofsted 2015

After a very successful start to the school year we wish you a happy and safe half term.
