

ADVANCE NOTICE

Please check book bags this week for:

- the transition questionnaires
- Christmas card designs and ordering details

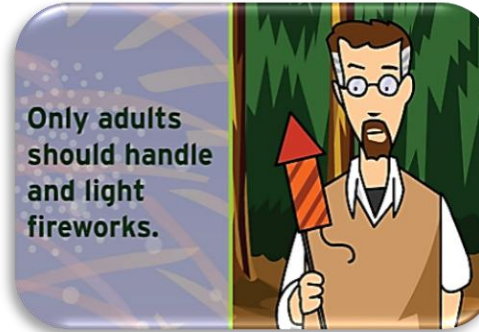

We are supporting the Royal British Legion Poppy Appeal by having poppies and a collection box in school. They will be available at the front of school. Also, children from Forces Friends will take the Poppies around to classes for children to make a donation to receive a Poppy.

Headlice are a problem across society. As a school we recognise that headlice infestation, particularly when repeated, can cause great distress.

One of the best ways to help eliminate them is if everyone in a community checks at the same time, so we are asking all parents to check their children **this weekend**.

Dates for your Diary

Only adults should handle and light fireworks.

Never go near a lit firework, even if it hasn't gone off. It could still explode.

Stand well back when watching a fireworks display.

Enjoy Fireworks Safely

Always wear gloves to hold a sparkler and keep it at arm's length when lit.

Never give sparklers to children under five.

When a sparkler goes out, stick it in a bucket of water. NEVER touch it as it could still burn you.

Keep pets indoors - fireworks can give them a fright.
