

We have enjoyed learning all about Captain James Cook!

In maths we have been learning about the properties of 2d and 3d shapes.

We have written our own riddles using different sentence openers and adjectives to make our clues tricky for the reader.

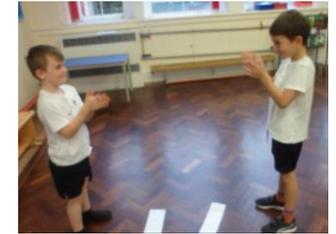

We created our own STOMP routines and then taught our friends the routine.

We discovered Christmas Island is near Australia and is famous for the red crabs.

We have experimented with musical instruments and used our voices to combine them to make a rhythm in a group.

During road safety week, we enjoyed learning about different ways to be safe on the road. We even designed our own safety posters.

We used our knowledge of physical and human features to create a map with a key for Christmas Island.

We taught Captain James cook how to tell the time to the nearest o'clock.

We became botanists at Antony House just like Joseph Banks...

Evergreen trees keep their leaves all year round.

Seeds, leaves and nuts fall off the trees in Autumn.

A Mimosa is a plant that he discovered in Australia.

Deciduous trees lose their leaves in Autumn.

We have also been learning about Christmas...

We used fantastic expression in the Christmas show!

We learnt the story of the nativity and found out about different Christmas traditions.

We made our own class Christingle!

We raised money by wearing our Christmas jumpers and even designed our own.

We designed and created our own moving Christmas card!

We were so lucky that the Royal Marine band visited us. We identified the different Christmas songs they played and joined by singing.

We have understood that Advent is a Christian celebration that counts down to Jesus' Birthday.

In the New Year we will be...

Continuing to use our fantastic phonics to read real and alien words.

Developing our understanding of Christmas by learning about Epiphany.

Using our knowledge of numbers to solve division number sentences.

Creating our own Winter learning wishes.

Learning new jumps, rolls and ways of travelling in gymnastics.
