

# We have had such a wonderful start to our year in EYFS2; we have been so busy learning already...

We can recognise and write the letters to spell our names correctly.

We have been making positive relationships with new friends, teachers and our buddies!

During our daily phonics we are beginning to learn sounds and hearing the initial sounds in words.

We can recognise and order the numbers up to 10! We have also begun to write some of these numbers.

We have been experimenting with using different media and materials to achieve a planned effect.

We have been using our bodies to move in different ways during PE.

## We were so excited when our Magic wands arrived in our Classrooms and brought us a special book about its journey.

The wand is shaking in my hands!!

We composed a piece of music to accompany the Magic Wand's journey.

It's hot! It must be making more magic!!

Our magic wands have been so impressed with our fantastic learning so far, they came together and sent us outside and we found farm animals! We thought about what we already knew and then planned questions to begin our new learning adventure;

## Who's hiding on the farm?

What animals live on a farm?

What do sheep eat?

Why do farmers have tractors?

What animals lay eggs?

What does a farmer do?

Why do chickens have feathers?

Where do the animals live?

Why do pigs like mud?

Our WOW moment helped us to plan our next learning adventures...

We will be learning and retelling stories using story maps and actions.

We will continue to build relationships, making sure we share and work together.

We will write super sentences; applying our phonics and sentence writing toolkit.

We will use different media and materials to create farm animals.

We will be researching farm animals to find out the answers to some of our amazing questions.
