

# We have been so busy learning all about Jack and the Beanstalk and castles.

We know how to measure in different ways such as length, capacity, weight and temperature. We've even done some estimating and used the right units such as cm or kg.

We have designed and made incredible castles in DT using a range of materials and joins.

We created our own leaflets about the 4 main castles in the UK using adjectives, apostrophes and joining words.

We've learnt all about the Grimm Brothers and how they collected traditional stories from all around Germany.

We have created algorithms to get a beebot from one place to another using the correct positional vocabulary.

In PE we created a sequence of balances, rolls, jumps and movements, rehearsing and performing our routines.

We wrote brilliant acrostic poems, using the letters from our name at the start of our descriptive sentences.

In history we did research all about the castles in each capital city of the UK.

We have used a variety of different ways to add and subtract, such as a hundred square, number line or drawing pictures of the tens and ones.

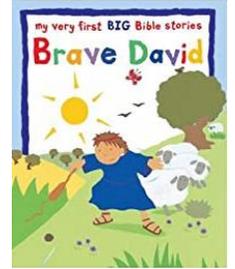

We learnt about the various instruments that make up an orchestra and listened out for them in pieces of music. We then used this information to create our own story soundtracks for Jack and the Beanstalk.

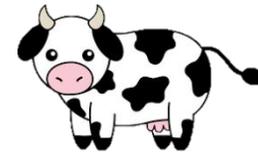

We read the story of the Mousehole Cat and created a lino print based on the artwork.

We used the Ipad to make an animation of the Mousehole Cat story.

In RE we have read stories from the Bible such as David and Goliath, discussing what lessons we can learn.

We learnt about the 4 different countries that make up the UK and what they are famous for.

We raised money for Children in Need and understand that there are people less fortunate than ourselves.

Our Christmas shows were amazing and we can't wait for you to see them!

In science we have learnt about the properties of different materials and what they are used for.

We learnt how Christmas is celebrated around the world and acted these out in our Christmas Show with songs and actions.
