

# We have had a fantastic Summer term, we have been very busy...Our learning has been centered around the nursery rhyme- 'Hey Diddle Diddle' focusing on being a space explorer and learning about Space!

We learnt the nursery rhyme 'Hey Diddle Diddle!' The children were asked for help from 'Adam the Astronaut'. He had been sent on a mission to find out how a cow had jumped over the moon... but his rocket had broken!

We helped to make Adam a new spaceship and to say thank-you Adam allowed us to go in his rocket to travel to the moon! It was so exciting!

We have been developing our mathematical skills, counting and ordering numbers.

We have worked together to share our knowledge about outer-space. We have also looked at factual books to gain more information.

In our outside learning area we have also been focusing on growing. We have planted flowers that have been kindly donated to our school by 'Sainsburys' and our nursery garden is looking beautiful!

Country Dancing was so much fun and we loved dancing together! In our nursery we sing and dance every day!

The Commonwealth War Graves Commission gave us wild flower seeds for Wargraves Week (21<sup>st</sup>-28<sup>th</sup> May.) Their message was- 'Create a living legacy in honour of those who died and help to keep their stories alive'.

# We have also been learning .....

We have had an extensive transition programme helping us to prepare for the changes we will encounter in September. The older children have visited their new classes and met their teachers; while the children who are staying are adapting to be the older role-models for the new children entering the setting!

We loved it when we had a visit from the Fire Brigade! We were able to look at the fire-engine and see how they used the hose pipe to put out a fire! We learnt never to play with fire and how to dial 999!

For Child Safety Week we had a new focus each day learning about:

- Beach safety.
- Safety in the home.
- Being safe near animals.
- Road Safety and
- Stranger danger

The nursery staff would like to wish all children moving on 'Good luck! We will miss you all!

We loved participating in many activities during our 'Health and Wellbeing Day!'

## Next we will be...

Moving on into 'big school' to be in our new Reception Classes, joining the Bumblebee's Class, the Butterflies Class or the Caterpillars Class. One child is moving to a new school in Plymouth!

Developing a new sense of 'belonging' by meeting new people, making new friends and adapting to be with a different group of people in our new classes.

Embracing change by learning how to adapt confidently to new events, social situations and changes in routines.

**You can help me by:**  
Supporting me to get dressed and undressed independently, ready for my PE lessons in school.
